## Westcott W.I. Meets At A. Robertson Home

The November meeting of the Westcott W.I. was held at the home of Mrs. A. Robertson with 19 members and 5 visitors present. The roll call was answered by each member naming what she wanted for Christmas and "What's your beef?"

The chicken supper which was postponed, was discussed and final arrangements were made. November 22 is the new date and the supper will be held in the Westcott United Church basement. The entertainment for the evening will consist of films supplied by the Rosedale Health Unit and for the kiddies entertainment, a fish pond will be set up.

Miss Smith of Red Deer was unable to be in attendance to give a demonstration on Home Economics because of illness.

Mrs. J. Robertson read a very interesting letter from our W.I. pen pal.

Mrs. G.A. Ford's interesting and well compiled scrapbook on Alberta was especially mentioned in the correspondence. Mrs. McLean's note to her home paper in Scotland concerning our W.I. Scrapbook was also mentioned in the letter.

Two songs were sung as intermission.

Frederick Banting, who discovered insulin, was Mrs. Carl Eckstrand's pen pal Canadian Topic.

The meeting was adjourned by the singing of God Save the King. Lunch was then served by the hostess.

The next meeting will be held at the home of Mrs. J. Luft. Don't forget your 1951 suggestions and the Christmas pie.

## Regular Meeting Of The Walther League

"Stewards in My Life" was the title of the topic discussion led by Eddie Asmundson of Olds at the last Walther League meeting. It was shown that all we have is given us by God and that God expects us to give an accounting of how we used the gifts He gave us. In the discussion the amount of contribution toward church and missions was also discussed.

A committee, consisting of John Fokmann Jr., Walter Artman, Mrs. Iva Bode and Erna Reinhardt, was elected to take care of the Christian treat for the children. Lloyd Krueger, Mr. Reinhardt was appointed to gain members for the Bible Reading League. A Walther League project for 1951.

The topic leader for the second meeting in November will be Fred Reese.

Following the business the group was entertained to the game of chess. From the noise that arose it was self-evident that all enjoyed this pastime.

Lunch concluded the meeting.

## Westerdale Worker Escapes Serious Injury

Mr. Dan Mazeppa of Evansburg, who was assisting in threshing operations on the farm of George Jackson, was fortunate to escape injury Thursday evening when the team he was driving on a bundle rack started off on the run with a full load of grain. While he was on top of the load, placing the bundles, in his haste to grasp the reins Mazeppa pulled on only one rein, causing the horses to turn quickly and upset the load and wagon with the driver underneath but fortunately he was able to extricate himself. Several horses continued running around the field with the wagon gear which had righted itself when pulled off the rack, until caught by Bob Jackson.

• • • • • Miss Marj Wigley munched on Calgary on Monday when Miss Wigley remained to attend Garbutt's Business College.

An unusual sight of two threshing machines working on a sixty-acre field was seen on Saturday on the farm of H. Jackson, with six tractors, two teams and ten men.

## A HOME FOR THE AGED

(By M. Weber)

In further reference to the above project I may say there are three distinct types of homes. First, is the Hospital. This type comes under a grant from the Dominion Government and is built under strict regulations in construction and maintenance. It must consist of at least twenty beds, the hallways must be extra wide, as also the doorways into the rooms. Special wash basin areas are provided for the convenience of wheel chair patients. Fire escapes if the building is more than one story high, and an extra wide and roomy elevator must be installed.

The approximate cost of this type of unit varies from \$125,000.00 to \$160,000.00. On the construction costs the Dominion Government pays two thirds, and the municipality pays one third.

The second type is known as a "Nursing Home", and does not, at present, receive any grant from the government. It is run by a board of directors, the majority of whom represent a qualified matron.

A qualified matron is required to head the institution and the director can set the price for inmates and pass its own by-laws.

A valid license fee is required to operate a nursing home.

It is not subject to taxation as a non-profit project. The cost of this type depends on its size and construction, and must be financed by the municipality or any part thereof.

## Big Prairie Barley Club Has Achievement Day

Twelve members of the Big Prairie Mountain Barley Club took samples of threshed grain to an achievement day held recently at Big Prairie. There was some excellent barley shown with some samples going 60 bushels per acre. Seed for the three-acre plots was supplied by the Canada Malting, Lloyd Bassettman, District Barleyiculturist of Lacombe, was the judge for the grain which was submitted in peak samples.

Hugh McPhail, District Agriculturist of Olds, is supervisor of the club with A. Graham the local leader.

Winners were: 1. Loretta Coleman; 2. Gordon Macmillan; 3. Bob Bartholomew; 4. Leona Boucik; 5. Jean Boucik; 6. Don Duffy; 7. Frank Bracken; 8. Lois Parkhurst.

The president of the Big Prairie club is Harold Wilson and the secretary is Don Duffy.

## Bergen Ladies Aid Has Monthly Meeting

The Bergen Ladies Aid held its monthly meeting at the home of Mrs. Ross Ells on October 26th. Plans were made for the annual sale which was held the following day. A November meeting will be held at the home of Mrs. E. Mjolsness.

The Ladies Aid annual sale was held in the Bergen school on the evening of October 27. Mr. Endrid Mjolsness kindly acted as auctioneer and following the sale an inexpensive lunch was served by the members.

Best wishes for a speedy recovery are extended to Mr. Fred Admussen who underwent a serious operation in the Holy Cross hospital, and also to young Sigrid Bremseth who accidentally dropped her leg above the knee with a bicycle.

Mrs. Burrell Plain entertained the members of the Sewing Circle on Thursday, November 2. The ladies spent the afternoon quilting.

As a result of the quilt, a family visited relatives in the Brooks district recently.

Mr. and Mrs. Endrid Mjolsness and family left recently on a business trip to Cranbrook, B.C. and while in the city, children had a holiday with the teacher, Mrs. E. Hodges, attended the teacher's convention Thursday and Friday.

Jimmy Haug left this week for his winter's job as sawyer for the Mjolsness Brothers saw mill. Jimmy and his brother, Wesley, sold their mill recently to Mr. Peter Hendrix.

Rev. Mr. Olaf Haug of Winfield visited relatives here recently.

Mrs. S. Clarke is building an addition to her home.

The new home of Mr. and Mrs. O. Clarke is nearing completion.

The opening day of the hunting season found a number of local nimrods out to try their luck. We have had no news of anyone bagging their limit yet.

Miss Elaine Goetjen spent the weekend in Calgary with her sister Delores.

Mrs. John Jacobsen of Sundre spent the weekend visiting with her son Otto Falgren.

Mrs. Ethel Konschul attended the teachers' convention in Calgary last week and her pupils enjoyed the couple of days holidays.

Mr. Donnie Konschul had a good week of work last week and is now finishing up his studies.

Swathed grain is reported to be still tough and is causing a great deal of concern to the farmers and many are raking the swaths to hasten the drying. On Monday night another shift of snow fell bringing combining to a halt again.

An example of the second type is given by the Church of God (Mennonite) 35 miles east of Didsbury and three miles south. They received a grant of 10 to 12 thousand dollars for a maternity home room for several maternity cases besides. A qualified nurse is in charge and other help is needed. Then have a large garden plot and chickens, etc. If there is a deficit at the end of the year the members of the church are taxed and in that way bear the full responsibility of the home.

The home east of Didsbury is open to everyone in need and it is a credit to the Mennonite church to note that about two thirds of the inmates are not members of their church.

It is run by a board of directors, the majority of whom represent a qualified matron.

A valid license fee is required to operate a nursing home.

It is not subject to taxation as a non-profit project. The cost of this type depends on its size and construction, and must be financed by the municipality or any part thereof.

ONE TIME WESTERN THRILLS  
NOW JUST LEGEND

Just recently Mrs. Florence and Miss Elaine Gole, of Kitchener, Ontario, visited with relatives in Didsbury and exclaimed great pleasure in general of our western scenery, hospitality and customs. However, not without some disappointment.

They were told that when they arrived at Moose Jaw, the Indians, whom they were most anxious to see, were not in the trail. This was given assurance that there was no cause for alarm, as the conductor would supply each passenger with a shot gun for protection. To say the least, there was great excitement, but alas! Moose Jaw came and went, and no Indians.

The next "let-down" came when they arrived at Didsbury and asked where they could see "Cowboys?" What! No Cowboys? Do you think the return of the Cowboys and Indians would entice more Easterners to come west, and has this thought been what has kept them in the paper?

HOME ON THE RANGE  
SHETLAND VERSION

An Edinburgh Scotsman, J. Gibson, has been returning from Texas with a fat order in his pocket. He sold wealthy Texans 1,000 Shetland ponies at \$150 apiece. The diminutive "hayburners" are intended as pets for the ranchers' children.

## SEED OATS SCARCITY

There is sure to be a shortage of good seed oats next spring according to A.M. Wilson, provincial field crops supervisor. Mr. Wilson says that a survey of seed cleaning plants shows that good seed oats are scarce but there is enough seed barley and seed wheat to meet anticipated demands.

A business never becomes so large or so old that it can afford to stop telling its public about itself, its employees, its merchandise and its service—through the advertising columns of its "home town" newspaper.

The Rat—An Expensive  
And Dangerous Pest

In response to some queries after last week's letter about rats, I am going to give some facts and figures concerning them. According to the U.S. Bureau of Entomology, rats kill a large number of young domestic fowl. They are a menace to health as they are filthy creatures, frequenting sewers, outbuildings, garbage dumps, and their fur is loaded with germs. Not only do they contaminate food and drink, but they are direct carriers of bubonic plague, rat bite fever, typhus fever, intestinal parasites.

Rats destruction of food, clothing and shelter. In warehouses and stores they damage and destroy fruits, vegetables, meats, packaged foods, flour, sugar, coffee, flour mills and elevators they damage feed, flour, grain, equipment and bags.

In the home they destroy food and clothing, and damage the building. On the farm they destroy grain, feed, seed, harness, field crops etc., and will kill young chickens, turkeys and other small farm animals.

One pair of rats can produce up to 80 young in one year. They start breeding at the age of three months and will have eight litters of from six to ten young in one year. It is estimated that the offspring from one pair of rats would total 350 million in three years.

Once established rats cannot be eradicated. At this time be on guard now. I again urge everyone to appoint themselves as a rat inspector and maintain constant vigilance.

Keep rats out of Alberta.

**Notes From The D.A.****Calfhood Vaccination**

In several issues of these notes, I have stressed the importance of vaccination, both to cattle and to humans, from Bangs. As all breeding cattle going to the U.S. must undergo a Bangs Test, many farmers are interested in what the status of their heifers would be if vaccinated.

The following article by our Provincial veterinarian will be of interest:

"Considerable confusion has existed in the past few weeks regarding the age of official vaccination and exports to the United States, due to an unofficial Press release which appeared in most farm papers across Canada and abroad over the air. This was unfortunate:

There is no legislation at present permitting the entry of official vaccines into the U.S. without a blood test. Negotiations are taking place, though to bring this about. The following is an extract from Circular 1950-115 issued by Dr. T. Childs, Veterinary Director General on October 17, 1950:

"While the United States legislation permitting the entry without blood test in Canadian official vaccines has not yet been enacted, the United States Bureau of Animal Industry officials have advised this office that the legislation permitting this free entry of official vaccines has been recommended to the Secretary of Agriculture. This recommended legislation maintains the requirement that all calves be vaccinated in order to qualify must be vaccinated during the sixth, seventh or eighth month of their life."

It was for this reason that the age of calfhood vaccination against Brucellosis as laid down in the Federal Brucellosis Control Program was changed from four to eight months."

This means that any calf to be an official vaccine must be 6, 7 or eight months of age at the time of vaccination.

Calves 4, 5 or over 8 months of age may still be vaccinated as official vaccine for export purposes if and when the United States allow entry of such animals.

The purpose of calfhood vaccination must not be overlooked, i.e., to build up a cattle population which is immune to brucellosis. Brucellosis to prevent abortions and ultimately help achieve the aim of eradicating the disease.

In ranch herds there will be some early calves and some late calves which are not in the 6, 7 and eight month bracket. These should be vaccinated, if possible, and a certificate issued, unless the owner may be exporting. A small percentage of Alberta Cattlemen are in the export business and anyway we want the vaccinations kept in Alberta to help beat the disease.

You may have to use your discretion about vaccinating the calves below six or over eight months and discuss their status with the owner. Most owners want protection for their herds.

Official word should be received from the United States in the near future and be relayed to you immediately.

**WINTER COAT STYLES  
FULL OF SURPRISES**

Snappy fabrics, fur linings and huge buttons are some of the features of women's coats in Britain this year. In fact, designers seem to be doing all they can to calculate women away from anything ordinary so far as their coats are concerned. Brightly colored cloths in rich tones can be worn with style. Where cloth linings are used, they are often of patterned suffings, giving a rather surprising effect when the coat is thrown open.

**CHIMNEY AND PIPES  
NEED WINTERIZING**

Chimneys and pipes are often neglected parts of the home, says C.A. Cheshire, Extension Agricultural Engineer, Alberta Department of Agriculture. As long as they appear to be in good condition, often they are forgotten. The result is a great deal of inconvenience and inefficiency during the winter. When wood or coal is used, all chimneys and pipes should be cleaned at least once a year. A common way to do this is to put a couple of heavy bricks in a burlap bag and attach a rope. Then the inside of the chimney can then be thoroughly scrubbed by pulling the bag up and down the flue a few times. The soot and tar lodges during the operation should be removed from the bottom of the flue.

Pipes both from furnaces and stoves should also be cleaned. This is best done as a rule by removing the pipes and tapping the accumulation loose. The pipes should be inspected at this time for soundness, rusting and cracked vapour that collect in these attack the metal, and what may from the outside appear to be sound length is just a mere shell. It is generally much cheaper to replace corroded pipes than to take a chance with them for the winter.

**WEDDINGS**

**MCDONALD - HENRY**

A quiet wedding was solemnized on October 19, at 9:00 in the United Church Manse at Olds when Isobel Henry, eldest daughter of Dr. and Mrs. Henry of Lacombe, was united in marriage with Charles McDonald. Rev. Moss performed the ceremony and Mr. and Mrs. T. Daigle supported the bride and groom.

**LALANDE - WATERSTREET**

A wedding of interest to many took place in the First United Church, Wetaskiwin, on Saturday, September 23, when Marjorie Nona, eldest daughter of Mr. and Mrs. C.H. Waterstreet of Cremona, was united in matrimony with Joseph Ernest Lalande, youngest son of the late Mr. and Mrs. D. Lalande of Plaisance, Quebec. Rev. M.J. Parr officiated.

The bride was lovely in a grey wool jersey dress, trimmed with green. Black accessories completed the ensemble.

Marjorie was attended by Mrs. M.J. Parr of Wetaskiwin.

Towette Vaughn of Wetaskiwin was best man.

After a short honeymoon the happy couple are residing at 10745 105 Street, Edmonton.

One reason it's hard to save money, is that the darn neighbours are always buying something we cannot afford.

Mission Day, November 12, 1950

10:30 a.m.: Sunday School.

11:30 a.m.: Mission Service. The speaker will be Brother Elmer Steinke.

2:30 p.m.: Preaching Service.

Speaker: Brother Stelter.

7:30 p.m.: The moving pictures of Camp Van-Es will be shown.

The offerings of both morning and afternoon will be for our missions. Last year we had a mission offering of \$164.00 and for the Janz quartet radio program \$53.00. A number of our congregations had offerings of \$100.00 or more than last year. Let us pray that we, too, may give unto the Lord exceeding that of last year, because the need is so much greater.

The evening offering will be partly for rental of the machine and the film, and the balance will go toward camp Van-Es.

### M.V.B.C. NEWS

The revival efforts will continue through the week every evening at the United Missionary Church at 8 o'clock, and over Sunday. Each morning, except Sunday, at 11:00 o'clock Rev. Marion Young, minister of the principal service, everyone is cordially urged to attend these valuable soul-reaching feasts.

#### YOUTH FELLOWSHIP RALLY

November 4 and 5 marked the dates for the second annual Regional Rally of the Youth Fellowship of the Canadian Southwest Conference of the United Missionary Church. Mountain View Bible College was host to the 50 young people who officially represented the Edmonton, Castor, May City, Mountain View and Didsbury young peoples' organizations. A number of young people from districts not organized.

With Mr. Peter Waldin, director of Youth Fellowship, and his associates, plans were made. On Saturday afternoon at 2 o'clock a general get-acquainted period was spent over cards, games, etc. The boys went into business sessions in the chapel. The two main items of business were in the form of projects designed to mark progress for the coming year were: (1) The support of a native made nurse in the new hospital at Tungan and (2) the creation of a loan fund in M.V.B.C. for the purpose of assisting worthy young people to obtain a Bible College education.

At 5:30 p.m. the annual Youth Fellowship banquet was served in the dining hall. Approximately 100 guests were served the delicious dinner prepared by Miss Marjorie Eby and her many assistants. The Misses Edith and Marion Sherick helped to serve the main course. Mrs. Gertie Sanderson and Mrs. Pearl Clement assisted at the coffee table, and Marvin Walin took a number of flash pictures.

Mr. Peter Waldin acted as master of ceremonies at the banquet. The dinner program consisted mostly of greetings from the various districts represented. Miss Hattie Cook spoke for Mexico. Rev. Virgil Pollock for Nigeria. Lois Falk for British Columbia. Bertha Young for the State of Washington. Marvin Walin for Idaho. Gretha Anderson for Minnesota. Donald Crosby for Iowa. Ruth Sanderson for Montana. Miss Gladys Eby for Ontario. Rev. H. Mardeck for the Friends Church Young People of the North Western U.S. and Mr. John Wilson for Ohio. Mr. Richardson sang a Negro Spiritual to the delight of the guests, and Mr. Wilson gave two excellent piano numbers.

At 8 o'clock that evening Messrs. Waldin and Richardson gave the report of their European Youth for Christ tour at the U.M.C. Rev. H. Mardeck gave a very deep-challenging report of their work in Sweden and Denmark. This was followed by colored slides shown by Mr. Waldin.

At 10:30 p.m. Sunday morning the Rev. A. Habermann pastor at Redcliff gave the main message on "The Scope of Personal Soul-winning." This depicted one phase of the Rally theme which was "Personal Soul-winning." Mr. Raymond Young from Edmonton read a paper which was prepared by Mr. Peter Waldin on "Methods of Personal Soul-winning."

At 2:30 p.m. Mrs. Lydia Suder brought a pointed message on "A Passion for Souls." Rev. H. Mardeck, revival evangelist, correlated the rally that had been presented in an annual meeting every Christian for all out effort to win men and women for Christ now.

Special music was supplied for every service. Among the main features was the appearance of the Mountain High School Christian Club singing under leadership of their president, Dorothy Stauffer. They comprised a vocal ensemble directed by Miss Margaret Sawatzky. Mr. G. Lyle Richardson, director of the A Cappella Choir, participated with glorious tribute to their efforts. A group of high school young people.

The College Choir also sang on Sunday afternoon, and a number of other vocal contributions added to the value of the services.

Sorry that a number of items of genuine interest had to be omitted.

Look for them next week.

A number of friends and neighbors met at the home of Mrs. Bob McGaffin to bid farewell to Mrs. Quast who is leaving for Calgary to make her home there. After games and farewells, messages, the guest of honor was presented with a lovely cushion and a cup and saucer. Mrs. Quast thanked the ladies for their kindness, and a dainty lunch was then served by the ladies, bringing to a close a pleasant afternoon.

Hallowe'en passed quietly here, though very little actual damage was done, although a few of the "rowdies" were out. The younger boys and girls made their usual rounds for "Hallowe'en hand-outs" and the citizens as a whole responded generously.

Mr. and Mrs. Clarence Mack and boy were Sunday visitors at the Ed Bersch and Sid Wright homes in the Elkton district.

finished with rockers, lounges, chairs and tables. The Home has its own water and sewage system. It is located in Linden Nursing Home.

It would appear that the Chronic Hospital would be top heavy for Didsbury and that a similar project to that of the Linden Nursing Home would be more in line, though it would not necessarily have to be on such a large scale to begin with.

It was suggested that the Home be built on a large scale to begin with, then as more people came in, it was suggested it should have been fitted for that purpose. There was considerable sentiment floating at the time favoring that idea but no one made it their business to consolidate it into action.

The place can still be purchased for \$10,000. It consists of a new roof, a stoker, insulated ceiling and electric water heater. There is double plumbing and a new field for sewage disposal. This building will provide for twelve or thirteen patients at the present time.
